YES, YOU READ THAT CORRECTLY.

Experience the impact of accreditation by The Joint Commission. 628% is big. But it's especially powerful when you consider it was found to be the average return on investment for 161 ambulatory surgery centers who participated in a study by The Joint Commission and the ROI Institute. With tangible monetary benefits like increased revenue and reimbursement to more intangible like increased staff engagement and improved organizational sustainability, the returns go beyond dollars and cents. It all adds up to better quality and safety in the care you provide. Visit us online or give us a call to see what we can do for your organization.
