

DON'T MISS OUR **DDW<sup>®</sup> THEATER**. HEAR FROM EXPERTS ABOUT

# THE IMPORTANCE OF LONG-TERM CLINICAL OUTCOMES WITH BIOLOGICS

## Anita Afzali, MD, MPH, MHCM, FAGC, AGAF

Dr. Afzali received her medical degree and completed her internal medicine residency and gastroenterology fellowship at the University of Washington in Seattle. Her subspecialty training includes a one-year advanced IBD fellowship at the University of Washington, as well as a master's degree in public health (MPH) from the University of Washington and a master's degree in healthcare management (MHCM) from Harvard University.

## Kofi Clarke, MD, FACP, FRCP, AGAF

Dr. Clarke completed medical school at the University of Ghana, postgraduate training in medicine and gastroenterology at the Imperial College London, residency at the Western Pennsylvania Hospital Campus of Temple University, his research methods fellowship at Michigan State University, and gastroenterology, hepatology, and nutrition fellowship at the University of Pittsburgh Medical Center. His primary clinical and research interests are in the care of patients with inflammatory bowel disease (IBD) and celiac disease.

Monday, May 8, 2023

12 to 12:45 PM (CT)

Theater 1
