Visit the  
CDST

The IBD CDST was developed by Parambir Dulai, MD in conjunction with the US Health Outcomes Consortium, a collaboration of leading IBD centers across the US. RMEI Medical Education provides ongoing oversight, content development, and accreditation for related CE activities. ArcheMedX provides platform development, optimization, and data tracking.

This CDST is supported by educational grants from Takeda Pharmaceuticals U.S.A., Inc. and Janssen Biotech, Inc., administered by Janssen Scientific Affairs, LLC.

\*The \$1 donation is solely funded by RMEI Medical Education, LLC. No external funding was used for this expense.
